— DESIGN WITH PURPOSE —

LANDSCAPE ARCHITECTURE &
ENVIRONMENTAL CONSULTING

A COLLABORATIVE PARTNER FOR ARCHITECTS & ENGINEERS

*Functional sites. Thoughtful design.
Seamless integration.*

I provide the landscape architecture expertise your project needs to bring the built environment together. I coordinate exterior design with architecture, civil engineering, and environmental considerations—supporting your vision with clear, coordinated, and constructible solutions.

I help A/E teams deliver complete, compliant, and cohesive projects that enhance the built environment and exceed client expectations.

WHY A/E TEAMS WORK WITH ME

STRENGTHEN DESIGN INTENT

I integrate landscape architecture with your plans to support the overall vision and enhance the function and beauty of the project.

PREVENT CONFLICTS & DELAYS

Early coordination of landscape, grading, drainage, utilities, and vegetation avoids clashes and streamlines approvals.

ENSURE CODE & HOA COMPLIANCE

I interpret requirements and prepare complete submittals to keep projects moving forward.

PROVIDE TECHNICAL DEPTH

From planting design to environmental review, I deliver the detail and documentation you need.

SUPPORT YOUR TEAM

I adapt to your workflow—offering full-service landscape architecture or targeted consultation as needed.

DELIVER BETTER RESULTS

Clear, coordinated landscape documentation leads to successful projects, satisfied clients, and stronger communities.

HOW I SUPPORT ARCHITECTS & ENGINEERS

SCHEMATIC LANDSCAPE CONCEPTS

Integrated concepts that align with architectural and civil design.

PLANTING & HARDSCAPE DESIGN

Detailed planting plans, hardscape layouts, and amenity planning.

GRADING & DRAINAGE COORDINATION

Landscape grading relationships and drainage solutions that work.

TREE PRESERVATION & RISK ASSESSMENT

Protect existing trees and mitigate risk with thoughtful planning.

COMMUNITY & SUBDIVISION PLANS

Streetscapes, buffers, open spaces, and overall landscape strategies.

HOA & ARC SUBMITTALS

Complete packages and drawings for smooth approvals.

ENVIRONMENTAL & CODE REVIEW

Interpret codes, buffers, mitigation, and environmental requirements.

COORDINATION DRAWINGS

Seamless integration into architectural and civil plan sets.

SITE REVIEWS & PUNCH LISTS

Observe, evaluate, and provide clear recommendations.

CONSTRUCTION SUPPORT

Answer questions, review installations, and support project completion.

MY PROCESS—DESIGNED TO INTEGRATE WITH YOUR WORKFLOW

1. REVIEW

I review architectural, civil, and site information.

2. CONCEPT

I develop schematic landscape concepts that support the project vision.

3. COORDINATE

I align grading, drainage, utilities, plantings, and architectural elements with your team.

4. DOCUMENT

I prepare plans, details, and submittals for approvals and construction.

5. APPROVE

I assist with HOA/ARC and municipal reviews and compliance.

6. SUPPORT

I provide construction support and respond throughout the build.

THE IMPACT OF THOUGHTFUL LANDSCAPE DESIGN

SMOOTHER
APPROVALS

FEWER CONFLICTS
& DELAYS

BETTER DRAINAGE
& SITE PERFORMANCE

HEALTHIER LANDSCAPES
& ENVIRONMENT

ENHANCED VALUE
& MARKET APPEAL

Clear, coordinated landscape design supports your project from concept to construction and strengthens the places we build.

IDEAL FOR

- Architects
- Civil & Structural Engineers
- Design-Build Firms
- Developers
- Builders
- Public & Private Clients

*Better design.
Stronger projects.
Lasting impact.*
